Things To Bring

Food

- Please bring your dog's food (dry and/or canned).
- Treats: Anything you normally provide as a treat. I make a banana, peanut butter and oatmeal biscuit, if that's okay for your dog. Your dogs are on vacation too, they get treats along with lots of petting and exercise! Wag those tails!
- Food Allergies: Please let me know if there are any allergies and what they are.
- I provide stainless steel bowls. If your dog needs their bowl elevated, let me know.

Medications

- Please supply and bring medications they are currently taking and might need while they are in my care. Please bring in the prescribed container and supply enough for the entire stay.

Toys

- Anything you want to send along with your pet to keep in their area and make them safe and happy.

Bedding

- If you would like a blanket (lap size) for your dog to use on top of their bed please bring one. I provide a dog bed. The blanket gives them the comfort and smells of home.

- You also can bring a t-shirt (or other clothing) you have worn that your dog may sleep with at night. It might not come back in perfect condition!

Vaccinations Records

- Necessary to bring if you have not already provided me with current records. I need a copy on file for each dog.
- Bordetella Vaccine required.
- Flea and tick treatment required, spring — fall
- Influenza Vaccine required. A two part shot, a minimum of 2 weeks from 1st shot to 2nd.

Drop/Pick Ups

- By appointment, with a text 15 minute before drop/pick up.

Holidays

- No drop offs or pick ups on holidays.
